INVITES YOU TO A SCREENING OF
LIFE IN MOVEMENT

★★★★★

"This film is a moment of triumph."
Patrick McDonald, The Advertiser

"An unforgettable documentary"
Julie Rigg, ABC Radio National

Documentary Australia Foundation and **Closer Productions** are hosting a screening of the award winning South Australian film *Life In Movement*, to be introduced by the director and producer, Bryan Mason and Sophie Hyde and followed by a Q&A. *Life in Movement* is a fine example of an arts documentary which attracted the attention of funding bodies and philanthropists as a powerful story of passion and artistic endeavour that educates and inspires.

In 2007 the Sydney Dance Company appointed 29-year-old choreographer Tanja Liedtke as their first new artistic director in 30 years. However before she could take up the position, she was struck and killed by a truck in the middle of the night.

Winner of the 2011 Ruby Award for Best New Work, the Grand Jury Award, Cinedans (NLD) and the 2011 FOXTEL Australian Documentary Prize at the Sydney Film Festival.

"The winning film pushes the documentary form in an adventurous direction. It weaves past and present in an innovative way, allowing the viewer to appreciate how art is made and how the work transcends the individual. This film celebrates the lasting effects of a passionate life."
